Product highlights

- ***Wake up to CD player, radio or melody***
  Gives you the choice of waking up to your favourite CD, radio station or alarm melody.
- ***Dual alarm***
  Two alarms that can be set independently with the choice of waking up to your favourite music from the CD player, radio station, or melodies.
- ***Quarz controlled clok***
  Quartz operated clock which ensures the time stays correct whilst mains frequencies may fluctuate.
- ***24 hour alarm reset***
  Automatically resets the alarm for the same time on the next day, so you don't have to keep manually resetting the alarm.
- ***LCD with brightness control***
  Enables you to control the brightness of the display for personal preference.
- ***Repeat alarm***
  Switches off the alarm for 9 minutes.
- ***Sleeptimer***
  Lets you enjoy up to 90 minutes of radio entertainment while going to sleep. After the pre-set time the radio switches off automatically.
- ***Silent CD alarm start***
  Wake up to music instead of noise! This feature ensures that you are not woken by the sound of the CD drive that is searching for the right track. The track is already pre-searched and stored in the clock.
- ***Headphone socket***
  Enables headphones to be used for private listening pleasure, without disturbing others.
